Re: SUSPECT - JAY WHITEFORD

WHITEFORD became a suspect on the basis of information furnished by the Mercer Island Branch of the Seattle-First National Bank, due to the fact that WHITEFORD is in the aerial photography business and had made application for a \$50,000 loan prior to the hijacking, and although the loan was turned down about a week after NORJAK, WHITEFORD seemed to be quite unconcerned, although the lack of money would be quite injurious to his business. Further WHITEFORD is a pilot and because of his business in map making, is familiar with the terrain in the State of Washington.

On 1/17/72, pictures which had been made a few days prior while WHITEFORD was in the Mercer Island Branch of the above bank, were made available to the Seattle Office of the FBI.

Re: Seattle memo of SA DONALD J. STEELE, 12/17/71, regarding suspect JAY WHITEFORD.

Attached is a copy of the subject's autobiography.

On January 14, 1972, [REDACTED] the Seattle First National Bank, Mercer Island Branch, was interviewed concerning NORJAK suspect JAY WHITEFORD.

b6  
b7C

[REDACTED] stated that WHITEFORD originally applied for a loan of \$50,000 in October of 1971, for his business, which is an aerial photography business. WHITEFORD's application for a loan was declined about one week after NORJAK.

[REDACTED] became suspicious because WHITEFORD never experienced any great concern or fear because his loan application was turned down; [REDACTED] thought that Mr. WHITEFORD should be upset because lack of the loan would mean failure of Mr. WHITEFORD's business.

b6  
b7C

On December 3, 1971, WHITEFORD appeared at the Mercer Island Branch to discuss business with [REDACTED] and at this time Mr. WHITEFORD's right hand was bandaged. When questioned by [REDACTED] as to the nature of his injury, WHITEFORD replied that he had merely taken a tumble.

It should be noted that WHITEFORD is a pilot and because of his aerial mapmaking business, would be very familiar with high altitude flying and the terrain around the area of where NORJAK took place. It is to be further noted that WHITEFORD is a member of the Washington Council of Civil Engineering and Land Surveyors.

[REDACTED] suspicions were further heightened while at lunch with Mr. WHITEFORD on January 6, 1972, at the Black Angus Restaurant in Bellevue. Mr. WHITEFORD initiated a discussion of high altitude flying. WHITEFORD seemed to be very well known by the waitresses in the Black Angus Restaurant in Bellevue and [REDACTED] again believed this to be out of character for a man in WHITEFORD's financial condition to frequent an expensive restaurant such as the Black Angus.

He indicated he knew WHITEFORD needs money and had asked for a loan from the Small Business Administration because "his business is in bad shape." He advised that on December 3, 1971, suspect had had a \$50,000. application for a loan turned down because he had been desirous of purchasing a new airplane. Subject is a former Navy pilot with service in World War II. Subject was born December 18, 1927, 5'10", medium build, white male and is soft spoken.

Incomplete details of our conversation regarding hijacking::

1.. "We", of the pilot,, probably referred to an entire crew jumping in practice.. A co-pilot,, navigator,, jump master (if jumpers carried) and a cargo master.. Probably a very cohesive crew..

2.. The landing field,, if Sandpoint,, Ida,, was approached across a gorge not far from end of runway,,

3.. The collar of the tall suspect,, (headless horseman costume) was six inches wide in rear,, but tapered to about 3 inches in front,, and was lined with a brown fur..

4.. C.I.A. connection- almost certain if he flew outside the continental U.S.. Saturday Review of Jan. 1, 1972, in an article on the Pentagon papers,, page 25,, end of paragraph 2: "Later,, Lansdale describes in a brief passage CIA's "proprietary" Civil Air Transport.. To the innocent world this company was the National Airline of Taiwan.."

The "pilot's" experience is probably listed China Airlines..

And where would a 727 operating out of Taiwan drop "personnel"? probably Mainland China...

5.. Where could \$200,000 be changed on the black market,, by some one with proper credentials?? Taiwan,, Hongkong or Manila?? Where a CIA--China Airlines pilot could have met black market operators?

China Airlines operates out of San Francisco to Honolulu Wed., Fri., and Sun.. at 1:15 p.m., and on to Taipei and Hongkong.. The airline is probably so small that every pilot would probably know every other pilot.. And would there be a lifetime pass for an old trusted employee?? Or a flight with an old friend without being on the manifest??

While the schedule was changed Dec. 1, Continental and Pan Am operate flights out of Portland now every night at 6:40 p.m. China Airlines operates flights from Honolulu Mon., Tues., Thurs., and Sat at 1:15 p.m. for Taiwan.. *to Hawaii*

6.. The pilot's clothes were expensive.. The closest weave I could spot in Nordstrom Best's were \$205 and \$215.. The faint off-white yellow shirts start at \$22.50 If that faint single thread were actually a Hongkong weave of a gold thread-- it would be more than \$50.. Not simple tastes...

Re [REDACTED]

[REDACTED] was contacted at his home, [REDACTED] Washington, on December 27, 1971. [REDACTED] stated basically the same information as provided in his letter to U.S. Senator HENRY M. JACKSON. This information is in essence as follows:

[REDACTED] got on Northwest Orient Flight #45, Minneapolis to Seattle, on Monday, September 13, 1971. A person got on the plane at Billings, Montana, approximately 8:00 a.m. This person is hereafter referred to by [REDACTED] as "the pilot." The pilot got off the plane to stretch at Great Falls and upon returning to his seat for the flight to Missoula, Montana, [REDACTED] and the pilot struck up a conversation. While flying over the Great Falls area, [REDACTED] asked the pilot if he knew the identity of any of the buildings below them. The pilot identified many of the buildings, indicating that he had flown over the area many times in the past. In addition the pilot told [REDACTED] the requirements for landing an aircraft at a field such as that required in Great Falls, Montana. Through conversation it was obvious to [REDACTED] that the pilot was familiar with both Missoula and Great Falls airports. [REDACTED] then asked about the aircraft which was a 727 and asked the pilot if there was a built-in skid that hit the ground every time on the take-off which produced a characteristic noise. The pilot then responded, no, that the noise heard was the landing wheels being brought up at the exact moment when the pilot begins his climb. This led to a discussion of the 727 aircraft.

b6  
b7C  
b7D

[REDACTED] asked if the pilot had ever flown a 727 at which time the pilot stated that he had piloted a 727 and had made "numerous low-level flights for the military dropping personnel and supplies in places that were otherwise inaccessible." [REDACTED] asked the pilot if he had ever

jumped from a 727 at which time the pilot said "In training, we all had to jump. It was a hell of a thrill." [redacted] then said one word "Thailand?" at which time the pilot responded "something like that" (indicating no). The pilot further stated that he hadn't been able to get a job flying 727 aircraft as a civilian due to his lack of flying hours. [redacted] emphasized the point that the pilot continually used the word personnel rather than soldiers and it was noted that it was not certain whether the pilot was flying for the military or possibly the CIA. At this point, [redacted] dropped the questioning.

b6  
b7C  
b7D

The pilot got off the plane to stretch at Missoula, Montana. While the pilot was off the plane another man took his seat, at which time the pilot went to the forward cabin upon returning to the aircraft. The aircraft made an unscheduled stop at someplace which [redacted] believes to be Sandpoint, Idaho. The pilot got off the plane at this unscheduled stop as well and exited the aircraft in his shirt-sleeves. When the pilot came back aboard the aircraft he entered with four men who were all dressed identically. It is believed by [redacted] that these men were either paratroopers or smoke jumpers, both of which it was learned by [redacted] have camps within a radius of 30 miles of Sandpoint, Idaho. When these four men came aboard, one woman seated on the aircraft reacted by screaming. Another man yelled "What the hell is going on." "A bunch of motorcycle hoodlums?" [redacted] stated that one of the individuals mumbled something like "We're paratroopers" but the wording at this point was incoherent. Whatever was said satisfied the man and woman who both apologized. The pilot took two of these men forward and said that he could arrange for two of them to sit up front with him (the pilot). The other two men sat in the rear of the plane. One of the individuals who went forward with the pilot, it is felt like [redacted] looked a great deal like the artist's conception of the hijacker. The man who could have been the hijacker was described by [redacted] as follows:

b6  
b7C  
b7D

Height:	6' 1" to 6' 2"
Build:	Thin
Facial features:	Narrow
Hair:	Covered by cap
Weight:	Unable to determine
Wearing Apparel:	Black coat made of a shiny material, leather or plastic; sunglasses with extremely wide frames, narrowing toward the ear

Coat - had a high sloping collar, completely covering the neck. The coat went down to the man's knees, indicating that it was not at all full and the person was not very heavy in weight

[ ] stated that he could not hazard a guess as to the person's age as he was able to see very little of the person who could have been the hijacker. The voice was described as being very low, and very smooth. The pilot was described by [ ] as follows:

b6  
b7C  
b7D

Height:	Approximately 5' 10"
Weight:	170 pounds,
Build:	Trim in appearance
Face:	Solid face, round, with round cheekbones and a round chin, full lips, no strain lines anywhere on the face, face Germanic or Slavic in origin
Age:	Approximately 30
Hair:	Dark in color with a heavy head of hair which covered half of his forehead, sideburns, average
Dress:	Gray slacks with a gray coat that did not match,
Characteristics:	Self-confident

It is [ ] contention that the hijacker "is a person who had jumped at some time with technical construction and/or aid in navigation, speed of plane, setting of wings, and use of explosives. Someone who had flown that kind of plane before may have accidentally or purposely passed this information on to the hijacker. It was obvious that it had to have been planned by someone who knew navigation." [ ] feels that the pilot may easily have been a pilot for the Central Intelligence Agency. [ ] feels this is the case because he stated that [ ]

b6  
b7C  
b7D

[ ] If the pilot had been a former pilot for the CIA dropping men and supplies in Southeastern Asia, then the pilot could have easily passed this information on to one of

SE 164-81

the smoke jumpers who boarded the plane at Sandpoint, Idaho. The pilot and the man that looked like the hijacker both sat in the forward cabin and it is quite possible that the pilot discussed the operations of the 727 aircraft and the requirements for jumping from same, while seated with the two smoke jumpers.

[ ] stated that he wrote to Senator JACKSON because he felt that the hijacker would never be identified until information was obtained from the CIA. [ ] stated that if the FBI were to locate and identify the pilot, then the CIA would have to identify this man as having been a pilot for the CIA and admit that they have been dropping personnel in Southeastern Asia. [ ] stated that this could have serious political implications when it is learned by the Chinese and could ruin the upcoming visit by President NIXON to China. [ ] stated that as a result of the hijacking we were to uncover this activity by the CIA, this could be the biggest blunder since the U2 incident. It is for this reason that [ ] feels we will never get to the bottom of the hijacking and solve it until possibly after the proposed conference by President NIXON in Mainland China.

b6  
b7C  
b7D

At one point during the interview, [ ] made reference to past activity in writing for Communist newspapers. [ ] claimed that he at one point wrote a report which had been used by the Intelligence Division and which had been hand-delivered by the Governor of the State of Washington to then President HARRY TRUMAN. Seattle indices reflect numerous references in security investigations, for [ ] It is recommended that these indices references be thoroughly reviewed before a reply is prepared as requested by Senator JACKSON.

Senator Henry A. Jackson,,  
Senate Office Bldg.,  
Washington,, D.C..

.. 3:30 return to  
SENATOR HENRY M. JACKSON

Dear Senator Jackson::

Your staff may scream not to touch this request with a ten foot pole,, but as a former prosecutor you might have an answer forthcoming..

Ask the C.I.A.. (Central Intelligence Agency) if they or any of their operating companies have ever trained pilots,, personnel to fly Boeing 727's in low level flight dropping personell and supplies in other inaccessible places..

Ask them how many pilots they have thus trained??

Ask them how many of these men have returned to private life?

Ask them if they ever used these places to drop Taiwan personnel over south China?

This has to do with the \$200,000 hijacking of a 727..

In Sept.. on a 727 Northwest Orient flight from Minneapolis to Seattle,, with a seat partner from Miles City To Missoula,, who said he had flown a 727 "for the military" and made numerous low level drops of personnel and supplies.. Had he ever jumped from a 727? "Yes,, we all had to jump in training.. It was a hell of a thrill.."

But Boeing's P.R.. man fairly screamed-- there hasn't been a single 727 in the military inventory.. There hasn't been a single military pilot trained in a 727,, nor have they ever been used in jump school.. No,, there has never been a flight manual prepared,, telling how to set flaps for jumps.. If the military had ever used such a program,, we would have had a screaming headline and a full page story with pictures..

At Sandpoint,, Idaho,, this "pilot" got back on the plane with four identically dressed men,, whom I believe were U.S.D.A.. "Smoke jumpers".. Two of them sat across the aisle,, and the other two went forward where the pilot said he could arrange for them to set together and talk.. One of them fits the height- 6'11" to 6'2", and slim.. And I was looking into his face when they discussed seating arrangements..

I believe the man's story.. And if the C.I.A.. or Taiwan ever flew a 727 in southeast Asia,, the Chinese intelligence would have known about it.. So why hide the story from the American public?

SIGNED ☐

Dec 7, 1971.

Supt. of Stewardesses,  
Northwest Orient.  
Seattle-Tacoma Airport. Wn

Could you establish who was the stewardess for the rear section (a blonde) for flight 45 - Minn to Seattle, Monday, Sept 13, and see if she can recollect - or recognize persons mentioned, or have seating arrangements with names and destinations?

I believe - ganny as it sounds - that there were persons aboard who could throw light on your recent hijacking!

I sat in seat [redacted]

b6  
b7C  
b7D

At Miles City, the stewardess stuck a Seattle pin in the seat next to mine. Since a passenger got off at Miles City this man sat in the aisle seat. About 5'10", well built, over 30.

Between Great Falls and Missoula, this man told me he had flown a 727 for the "military" dropping "personnel and supplies" in places otherwise inaccessible. He said "we had all jumped in training" and "It was a hell of a thrill".

I said: Thailand. He grinned and said, complex like that. (C.I.A. train in Taiwan.) He said he had not been able to get a job as a pilot commercially a 727 because he didn't have enough flying hours. [redacted]

Stewardess - 2 Dec 7, 1971

Boeing tells me there are no 727's in the military inventory. That there are no flight training manuals on flap and speed for "personnel" drops. And that the listings of the C.I.A. (Central Intelligence Agency) and its two private firms are classified information and they do not have it.

But this man said he had piloted for jumping - and jumped. Do your loading sheets show he was sold a ticket at Mpls City, to Seattle - Sept 13, or on a return? Does it show a name? This name might be checked for a pilots licence.

## 2. The real hauler.

When I saw the sketch of the he-yacker, I really did a double-take, but it took a bit to know why.

This "pilot" got off the plane at Sandpoint, Idaho. He got back on with 4 (four) persons all dressed identically, in black outfits and the same goggles as the sketch. It caused a few comments about. The jackets were all shiny black plastic or leather and to the knees. Two of the men sat in the back row, across the aisle. The "pilot" told the other two to come forward with him, and he would "arrange" so they could sit together. If the "pilot" was 5'10", the man who followed him was 6'1" or 6'2". And thin - at least the seat was not full. The second man was about 6'.

After the plane took off, the stewardess came back and took the Seattle pin off the seat next to mine.

Stewardess - 3 Dec 7, 1971

I believe the man had gone into the forward section of the plane. Does the stewardess remember getting them seated together?

What military installation is at Sandpoint, Idaho? Paratroopers?

A man who piloted a 727 to drop personnel, talking to any paratroopers as casually as he did me, could pass on information how to fly a drop.

The F.B.I. has no casual access to C.I.A. personnel files. If I had a name, I could get verification just as easily through Senator Jackson as they could. In fact, they probably wouldn't even ask the national security council to clear them to ask - unless all through that territory the man has told the same story.

Curiosity killed the cat, who had nine lives. I have lost enough of mine through curiosity; I should know enough not to ask. But I am.

Sincerely

Your hijacker - A "smoke jumper" probably, whose I.D.

might be in the personnel files of District 6, U.S.D. Ag, Portland.

A person probably who had done some jumping, fits the general description, and was seen in company of a person who claimed to have piloted a 727 on several missions to drop "personnel and supplies" and who had jumped from a 727 "in training we all jumped. It was a hell of a thrill," who could have inadvertently or deliberately given the technical information. He, the pilot, would have to have been an employe of the C.I.A. or one of its private companies. To have known "smoke jumpers" he might also have flown for the USDA during fire season.

When I first saw the sketch of the hijacker, my reaction was "I have seen that man." Then I said aloud, "impossible." But on later recall, I believe yes - it fits the pattern.

Flight 45, Northwest 727, Monday, September 13. "The Pilot" got on at Miles City. Stewardess put a "Seattle" pin on the back of the seat. He did not occupy the seat after Missoula, and the stewardess removed the pin after Sand Point.

At either Missoula or Sand Point, four persons got on with this "pilot," who caused quite a commotion by their identical dress.

The man directly behind me objected violently, and asked "what the hell's going on." And that is when I am sure I looked into a face similar to the one in the sketch, as he replied -

(more)

DB COOPER-47111

"knock it off. We each purchased one seat - and that's all you bought." One of the others murmured a word which I thought might be "paratroopers" but probably was "smoke jumpers." The man apologized.

The voice was about two to three notes below normal. Even and pleasant. And even the words, "knock it off" had no rasp or harshness.

The costumes were totally black. Leather or shiny plastic. The coats hung from shoulders to knees, straight without any form fit. The caps were a half-kepi. Instead of a bill the right edge was twisted into an upright piece in the middle of the forehead.

All wore the type glasses in the sketch. At the hinge, the earpiece was wide, but of a lacy pattern. No part of the eye visible.

Two of them sat in the back seat left. The "pilot" said to the others to come up front, and he would "arrange" so they could sit together, and talk. So I got a height comparison. The pilot about 5' 10". The next one 6' 1" or 6' 2" and slim, -slim. The third man 5' 11" or 6' and broader.

Questions---

1. Is there a military specialty center, or hospital at Sand Point - for either survival training, jumping or recuperation?

(more)

DB COOPER-47112

2. I am told there is no Dept. of Ag. smoke jumpers camp at Sand Point, but there are at least four in Montana and Idaho, all of whose personnel records are at Portland.

3. I think I recall an article on Smoke Jumpers, where it described the outlandish costumes some units adopted.

4. If the C.I.A. or its companies used a 727 for personnel drops why keep it classified information? If they have, the Chinese intelligence would certainly have known it by now. How many pilots or jumpers have returned to private life?

With the exception of CATALANO, [ ] stated none of the other individuals bear any resemblance to the hijacker and in his opinion are not identical with him.

[ ] believed the photograph of CATALANO bore a very strong resemblance to the hijacker. He particularly noted the hairline, stating that if the hair in the photograph observed was marcelled as was the hijacker's, it would be an exceptionally good likeness. He further noted strong similarities in the high cheekbones, the long nose, and eyes as he remembered the hijacker.

He was unable to determine from the photograph the complexion of CATALANO but again emphasized the hijacker had a swarthy or Latin type complexion and it appeared to him CATALANO might have such a complexion. He would prefer to see a color photograph and additional photographs of CATALANO.

With regard to the recent hijacking of a plane involving a \$200,000 ransom payoff:

My son has a friend who drops by the house occasionally. His answer was yes, and my uncle who lives in the vicinity of Vancouver, Washington, even looks like the hijacker and even owns a Cessna 310, is an ex-paratrooper and does sky diving.

In regards to "D. B. Cooper" who hijacked the Northwest Orient Airlines 727 on the night of November 24, 1971, I have the following information:

There is a man named Coover who works as a Driver's Examiner for the state in Gresham, Oregon. The man fits the physical description and wears dark glasses most of the time. After the time of the hijacking he has become very much less sociable. The man's history has been somewhat unstable as far as employment, which includes work in a bank. The above information is hearsay but was convincing enough to be very believable in addition to other information I cannot accurately remember enough to convey correctly.

Re SC airtel to SE, 12/15/71, SUB D, ROBERT COOPER.

On 2/3/72, [REDACTED] provided information that [REDACTED] Washington, was rented by one [REDACTED], Washington. This [REDACTED] had last been paid for on 1/12/72; and since the rent had lapsed, it was assumed that [REDACTED] no longer was living at [REDACTED]

b6

On 2/3/72, [REDACTED] Washington, provided information that [REDACTED] was no longer living in [REDACTED]. He was able to provide no forwarding address for [REDACTED] but stated that [REDACTED] was a dedicated skydiver and that he could be contacted through the Seattle Skydiving Club located at the Snohomish Airport.

On 2/18/72, [REDACTED] Washington, was contacted at the Seattle Skydiving Club, Snohomish City Airport, Snohomish, Washington. He provided the following information.

b6  
b7C

On 11/24/71, he was in Snohomish, drinking at various taverns with [REDACTED]. He did not leave Snohomish during that period of time.

[REDACTED] is a member of the Seattle Skydivers Club and has made [REDACTED] jumps. He states that the type chute used by the skyjacker is not a steerable chute and would not be selected by an experienced chutist; but if that were the only type chute provided for the skyjacker and he was an experienced chutist, he would experience no problems in making a dive from a 727 aircraft at 10,000 feet going less than 200 knots. [REDACTED] states that should the FBI wish it, he would be more than happy to exactly duplicate the conditions of the jump made by the skyjacker using the same equipment and jumping from the exact same airplane under the exact same conditions.

He is confident that such a dive can be made successfully, and he would volunteer to aid the Bureau in pinpointing the area in which the skyjacker would have been likely to land.

[redacted] is approximately 5' 10" in height, approximately 160 pounds, has black hair, and a black beard. He does not resemble the composite drawing of the skyjacker and is [redacted]

On 12/14/71, [redacted]

[redacted] California, who has been engaged in parachute sales, manufacturing, repair and alterations for about 47 years, was contacted relative to suspects and general information in connection with this matter. [redacted] has been contacted previously, primarily in connection with TGP cases in which a few parachutes, reportedly stolen, were sent to him for alterations. [redacted] is apparently well regarded in this business and from previous contacts with him, it appears that he does repair and alteration work for numerous sky divers throughout the United States.

[redacted] advised he can suggest no specific suspects, primarily due to the fact that he has very limited personal contact with his customers. He advised that most of his work is sent to him by the owner and that he returns it to the owner by mail or other commercial delivery.

[ ] advised he had reviewed his records relative to the name COOPER and located only two matters under that name. He advised on 12/10/70, he shipped some material to ROBERT D. COOPER, 23 West Galer, Apt. 309, Seattle, Washington. On 8/16/71, he shipped some material to ROBERT COOPER, P. O. Box 405, Snohomish, Washington. He advised he has no reason to consider the above as suspects other than the last name. He also advised from the handwriting on the letters received requesting material, it is likely that these are the same persons, as the handwriting is similar. The handwriting is available, should it be desired for comparison purposes.

b6  
b7C

[ ] advised the only central records he knows of regarding a mailing list for sky divers or clubs would be the association in Monterey, California, which distributes a magazine nationwide and should have a mailing list.

b6  
b7C

[ ] advised that he doubts the person who committed this crime was a sky diver. He noted that he has heard that the parachutes furnished to the man were a commercial brand named "Pioneer" and a now surplus Navy parachute designated "NB-8". He stated if this is a fact, he doubts the man is a sky diver inasmuch as anyone with sky-diving experience would have asked for a sky-diving type parachute, which neither of the above are.

[ ] further advised that the above parachutes would be hazardous to use inasmuch as that type of chute would open very quickly, with a possibility of tearing, and both have a high rate of descent and very limited control. In his opinion, a person using such a chute would probably have prior military jumping experience but would not have sky-diving experience. He further noted that an experienced sky diver would have asked for a chute such as a "Para-Commander", which would be readily available in an area such as Seattle, Washington. This type of parachute opens more slowly, is very maneuverable, and has a much slower rate of descent.

SC 164-50

[redacted] made available a catalog regarding parachute equipment, including a glossary of parachute terms, which he thought might be of assistance in talking with persons in the parachuting field. A copy of this catalog is enclosed for Seattle.

He is acquainted with [REDACTED] since he was

On January 13, 1972, [redacted] Winnebago County Sheriff's Office, Oshkosh, Wisconsin furnished their investigative report concerning TERRY SCHEER and the following information was found to be recorded:

On December 14, 1971, [redacted] at the Winnebago County Airport, stated that a party who showed identification as TERRY SCHEER bought a round trip ticket to Phoenix, Arizona, on November 17, 1971, and paid for this ticket with a check in the amount of \$172.00. On November 22, 1971, SCHEER came to the airport and bought a round trip ticket to Omaha, Nebraska and paid for this ticket with a personal check in the amount of \$80.00. On November 24, 1971, SCHEER came to the Airport and attempted to check a lot of baggage through to Omaha, Nebraska. SCHEER was told at this time that he would have to have his ticket because the baggage or part of the baggage would be

in conjunction with the ticket. SCHEER stated that the tickets were at his home and that he would return with the ticket. In the meantime, the Terminal determined that the checks cashed by SCHEER were non sufficient fund checks. On November 27, 1971, SCHEER returned to the Airport to make his flight to Omaha. SCHEER was asked for his ticket and when he handed it to the clerk, he was told that the checks were returned marked non sufficient funds and he would have to pay cash for the ticket, if he wanted to fly to Omaha. SCHEER advised that he would get the cash, he returned to his cab and was not seen again.

On December 15, 1971, officials at the Pioneer Inn, Oshkosh, Wisconsin, advised Winnebago County Sheriff's Office authorities that TERRY SCHEER stayed at the Pioneer Inn from November 24 through November 29, 1971. SCHEER left owing six days room rent plus meals. SCHEER also cashed three \$10.00 checks while he was at the Pioneer Inn and they were all returned, marked "Account Closed".

On December 16, 1971, [REDACTED] City Cab Company, Oshkosh, Wisconsin, advised that his company did carry TERRY SCHEER on several occasions between November 24 and November 28, 1971, and the last time they picked up TERRY SCHEER was on November 28, 1971, when they transferred him from the Pioneer Inn to Howard Johnsons Motor Lodge, Highway 41, Oshkosh, Wisconsin.

b6  
b7c

Investigation at Howard Johnsons Motor Lodge on December 16, 1971, reflects that TERRY SCHEER was registered at Howard Johnsons Motor Lodge on November 28, 1971. Employees at Howard Johnsons Motor Lodge became quite suspicious of SCHEER and when one of the employees noticed that SCHEER was packed and ready to move out of the motel, she notified [REDACTED]

b7C

On January 13, 1972, [ ] [ ] Winnebago County District Attorney's Office, Oshkosh, Wisconsin, advised that the District Attorney's Office presently holds thirteen non-sufficient fund checks issued by TERRY SCHEER, on his checking account at the Oshkosh National Bank, Main Street, Oshkosh, Wisconsin. [ ] reviewed the checks and advised that three of the checks were made payable to the Pioneer Inn, Oshkosh, Wisconsin, in the amount of \$10.00 and were issued on November 25 and November 26, 1971.

[ ] advised that SCHEER is presently in custody in Winnebago County Jail, Oshkosh, Wisconsin on the charge of non-sufficient fund checks and defrauding an innkeeper. [ ] further advised that investigation by the Winnebago County Sheriff's Department reflects that SCHEER was in Oshkosh, Wisconsin, from November 24 through November 29, 1971.

SCHEER advised that he was a freshman at the University of Wisconsin - Oshkosh (UW-O), Oshkosh, Wisconsin, residing at 881B Gruenhagen Hall, University of Wisconsin - Oshkosh, from September 1971 until November 24, 1971, when he packed all of his personal belongings intending to leave school to visit his girlfriend, who is believed residing in Phoenix, Arizona. SCHEER stated that he told his classmates that he was to come into \$200,000 and he planned to leave school and [redacted] SCHEER stated that he mentioned the money just for something to say and that he had no intention of getting any money and had no information as to any source of \$200,000 in the near future. SCHEER advised, when he left school, he took a taxi to North Central Airlines Terminal, Oshkosh, Wisconsin, with the intention of flying to Nebraska. Re Seattle airtel to Los Angeles dated 2/11/72.

Re alleged look-alike: ANTHONY LAMBERT COLE. 237

Enclosed for receiving offices is one photograph each of COLE, and for Seattle one xerox copy of employment application of COLE.

The following investigation was conducted by SA  
C. ROBERT STRANGER:

On 2/23/72, [redacted]  
Lockheed Aircraft Corporation, Burbank, California, advised ANTHONY LAMBERT COLE was employed by Lockheed Aircraft on 1/7/69, and was terminated on 2/12/71, due to cut backs in the work force.

He made available a copy of the application completed by COLE and a photograph from the file.

On the same date, [redacted] United States Postal Service, [redacted] California, advised COLE currently receives mail at Post Office box 551 at Burbank, California. She knows COLE personally since he has received mail at this Post Office box for about two years.

On 12/1/71, COLE closed his Post Office box and furnished a forwarding address, in care of [redacted] California.

On 12/28/71, COLE reopened his Post Office box in Burbank, and currently receives mail here. Also noted on the records was, [redacted]

[redacted] -California. COLE furnished California Driver's License number A723342, and noted on the records were the following name firms recipients of mail at COLE'S Post Office box:

"Superjet; Ultravision Limited."

"B. F. Company, 4671."

- "Cygret-Firms of America; The Think Company."

"Tony Cole Enterprises."

On 3/7/72, [redacted]

[redacted] Hollywood, California, the last known address of ANTHONY COLE, was interviewed. He advised [redacted] by television star [redacted] but rooms were formerly rented to individuals. He recalled TONY COLE having left this address about two years ago and moving to an unknown location in the Burbank area. He described COLE as a "wierdo" who, just prior to moving out, became involved in a dispute with another tenant. He recalled COLE had taken a meat cleaver, and chased [redacted] and shortly thereafter had moved. COLE had requested his mail be forwarded to an unrecalled Post Office box in Burbank, California. COLE had also spoken of owning a house and a piece of land outside of the city of Santa Barbara, which he hoped to develop into a plush estate. COLE was constantly concerned with finances and had a loan on this house. He was in need of money and [redacted] in Portland, or [redacted] Seattle, wanted [redacted]

[redacted] COLE. [redacted] observed the artist sketch and stated COLE'S face was narrower and the eyes appeared to be different from features depicted in the sketch. He added COLE always wore glasses and was a light smoker.

LA 164-497

On 3/28/72, [redacted] was interviewed at the [redacted] Los Angeles. She was hesitant to discuss COLE stating he was being "black mailed" [redacted] in Seattle. When asked what was meant by black mail she stated she had observed a note sent to COLE [redacted] [redacted] advised after considerable hesitancy that [redacted] ANTHONY LAMBERT COLE, 560 Via Liniosa, Santa Barbara, California. She stated she left her employment [redacted] Los Angeles, California, on the afternoon of 11/24/72, enroute to [redacted] to spend Thanksgiving Day with COLE in that city. She advised she arrived at Santa Barbara on 11/24/72, via Greyhound Bus between 8:00 p.m., and 8:30 p.m., and was with COLE the remainder of that day as well as all of Thanksgiving Day. [redacted] appears to be very loyal to COLE as well as a somewhat confused individual.

In view of the above, it is suggested the enclosed photographs of COLE be displayed to appropriate witnesses to determine if additional investigation of COLE as a logical suspect in this matter appears warranted. No further investigation being conducted at Los Angeles regarding COLE unless advised to the contrary by office of origin.

SUBJECT SHOULD BE CONSIDERED ARMED AND DANGEROUS.

Re New Suspect: RAYMOND TORREY HEALD,  
Born 3/30/39

PETE (NMN) PICCIOLO, born 6/7/36, was recently referred to the Los Angeles Division as a possible suspect in this matter as a known parachutist who had seriously injured himself about one and one-half years ago. PICCIOLO's whereabouts on 11/24/71, was positively established through payroll records at his place of employment, Weber Aircraft Company, Burbank, California, where examination of time cards revealed he was at his employment the entire day of 11/24/71.

On 8/1/73, PICCIOLO, an avid parachutist who travels widely and writes articles concerning parachuting, was interviewed at his residence, 626 East Angeleno, Apartment I, Burbank, California. PICCIOLO studied the artist's conception and advised he believed it resembled

a parachutist named RAYMOND T. HEALD. He noted that HEALD would probably not be considered in his mid forties unless disguised and recalled him to be in his early thirties. He knew HEALD to have been familiar with the Seattle, Washington and Portland, Oregon areas and believed him capable of such a crime. He advised he had last seen HEALD about two years ago in Antioch, California, at which time HEALD indicated he was training to be an air controller. The only specific information he knew was that HEALD's wife had worked for awhile at Weber Aircraft Company where he, PICCIOLO, had also been employed. X

On the same date, records of Weber Aircraft Company revealed RITA R. HEALD was employed as a seamstress at Weber Aircraft from 1969 to 2/5/70. She had furnished her prior employments as the Elks Club, 515 S.W. Broadway, Portland, Oregon, during 1962 and the Jolly Joan Restaurant, 1314 Auburn Avenue, Auburn, Washington, from February to October 1963. She was a cocktail waitress on both occasions. Her husband was shown as RAYMOND T. HEALD, born 3/30/39, and former addresses were indicated as 8024 Woodman Avenue, Van Nuys, California, and 14701 Rayen, Apartment 103, Panorama City, California. 71

On 8/2/73, [redacted]  
[redacted] Van Nuys, California, advised they [redacted]  
[redacted] and  
recalled [redacted] RAY HEALD. They advised about April 1971, HEALD had some type of trouble at the Air Control Center for the Federal Aviation Administration (FAA) at Palmdale, California, and was transferred to the Santa Monica, California Airport as an air controller. He had then applied for a position in Denver, Colorado, but something happened at the last minute and he did not get the job in Denver. Sometime shortly after April 1971, the HEALDs indicated they were moving to Seattle or Portland where it was their

LA 164-497

understanding RAY was to work at an unknown airport. They had assumed that he was working as an air controller until receipt of a Christmas card from RITA HEALD in December 1972, at which time RITA advised that RAY was attending college and working as a part-time disc jockey in Ashland, Oregon. He was studying to be a television sportscaster. A return address on the card displayed by [ ] indicated the HEALDs resided at 901 Beach Street, Ashland, Oregon 97520. [ ] advised, after viewing the artist's conception, that the eyes, nose and mouth of the artist's conception were similar to those of RAY HEALD. [ ] could note no similarity. They described HEALD as a white male in his early thirties, 5'11", 180 pounds, dark brown hair, rugged, outdoor, well-tanned complexion, well spoken, polite, and handsome appearing. They recalled that almost the entire time they knew HEALD from mid 1970 to about April 1971, he was clean shaven; however, just prior to his departure he was noted to be growing a beard.

b6  
b7C

On 8/3/73, [ ] Santa Monica Airport Terminal Tower, Santa Monica, California, advised RAYMOND T. HEALD was personally known to him. In early 1971 he was advised by his superiors that HEALD, an air controller trainee at Palmdale, California, was being transferred to Santa Monica as a result of numerous problems he was involved in at Palmdale. [ ] confidentially stated it was indicated to him that HEALD should be fired but due to the manner in which reams of evidence had been mishandled, his superiors did not feel a hearing at this time was feasible. He stated that among allegations was the fact that HEALD was involved in the sale of marijuana to trainees at the Air Control Center, Palmdale. Shortly after his arrival at Santa Monica, HEALD was known to be abusing the privilege of trainees wherein they were allowed to fly in the cockpits of aircraft to study traffic. On one specific

b6

b7D

occasion, HEALD traveled in the cockpit to Phoenix, Arizona, then called from Phoenix just prior to the time he was due on duty at Santa Monica stating he was sick. It was learned that actually HEALD was judging a parachuting contest in Phoenix.

[ ] stated HEALD had started as a trainee in Phoenix, was later transferred to Alaska, and in 1968 or 1969 was assigned as a trainee at Palmdale, California.

b6  
b7C  
b7D  
b7E

HEALD had recently married a "flashy-looking blonde" whom [ ] described as the cocktail waitress or bunny type, and was several years older than HEALD. At the time HEALD left due to his resignation on 4/17/71, he indicated he was going to Oregon and just relax. Several months later (believed to be eight or nine months) in early 1972, HEALD stopped briefly at the Santa Monica Airport and indicated he was doing real well in Oregon, but no specifics were discussed. HEALD was noted at the time of this brief appearance to be wearing a light beard and [ ] recalled that just prior to his departure for Oregon in April he had very long hair and a long beard.

[ ] added that HEALD was a real "drum beater" and appeared to have a real grudge against the FAA or the government in general.

b6  
b7C  
b7D

On 8/6/73, [ ] advised that [ ] HEALD [ ] concerning the suspicion that he was involved [ ] Specifically, that on 3/24/71, while a trainee air controller at Santa Monica, two aircraft carrying cargos [ ] Santa Monica and HEALD [ ] [ ] advised that [ ] HEALD, is currently assigned with the [ ] Los Angeles, and could possibly furnish additional information concerning HEALD.

RE: LAWRENCE ALLISON HOBART  
SUSPECT #279

Reference Seattle memo of SA RICHARD AVERY DYER dated  
1/19/72.

It is obvious from the information received in the  
above referenced communication that suspect HOBART is not  
identical with subject of NORJAK because of HOBART's physical  
description, that is HOBART weighs 240 pounds.

DATE: 1-19-72

FROM : SA RICHARD AVERY DYER

SUBJECT: NORJAK

(Sub 279)

[redacted] was located this date at [redacted] Washington and stated she is not living with suspect HOBART. She said they came from California during late October or early November 1971 but that he resides in Seattle, Washington. She pointed out he has had a drinking problem and is staying at the Studio Club, where the rehabilitation program is initiated for those with drinking problems. She said she did not know the exact address but that his telephone number was SU 2-9969 and that he could be contacted through that number. She said she calls him about twice each week.

b6  
b7C

She stated she knew HOBART had been in the Marine Corp at onetime and thought he may have been a parachute rigger but did not know that he had ever jumped. She said since he stopped drinking he now weighs about 240 pounds.

## SEATTLE DIVISION AT SEATTLE, Washington

Will locate and interview LAWRENCE ALLISON HOBART through SU 2-9969 and determine his whereabouts on 11-23-71 and obtain a physical description of him to compare with that of the UNSUB in this matter.

On 2/8/72 witness CORD SPRECKEL was displayed photographs of JOHN DONALD PAGE (Sub 193). SPRECKEL stated that based on the photographs of PAGE which were displayed to him he could not positively eliminate PAGE as a suspect in the captioned hijacking. SPRECKEL stated that the hijacker appeared to be about the same age as PAGE in his opinion and there are facial characteristics which are similar to that of the hijacker. SPRECKEL stated that he would not positively identify PAGE as the hijacker, but stated that he felt it would be in the best interest of the FBI if he did not eliminate PAGE as a suspect because there is a slight possibility PAGE could be identical with the hijacker.

Re: UNIDENTIFIED WITNESS FURNISHED INFORMATION  
REGARDING CENTURY SKYDIVING TEAM

On 12/31/71 an unidentified white male telephonically contacted SA [redacted] at the Portland FBI Office and desired to know if the FBI is still looking for COOPER, hijacker of the Northwest Airlines aircraft. The caller stated the FBI should attempt to contact [redacted]

[redacted] of the "Century Skydiving Team," which at one time operated at the Scholes Airport, Vancouver, Washington. The caller indicated these individuals would have information concerning a person who performed with this team. The caller stated the above persons could furnish the description of the hijacker and they would know the identity of the hijacker.

This individual was asked how he knew this and he stated he knew and once the unknown subject had been identified and apprehended his revenge would be complete. He indicated he knew the identity of the person who could be responsible for the hijacking.

The caller was very incoherent during most of the conversation and stated at the conclusion of the call, "When you get the hijacker, tell him it was [redacted] who turned him in to the FBI." The caller then laughed and hung up.

RE: [REDACTED]

Re: Portland nitel to Seattle, 1/7/72; Seattle  
memo of SA [REDACTED], 2/10/72.

On March 14, 1972, [REDACTED]  
[REDACTED] Washington, telephone [REDACTED]  
was interviewed and provided the following information:

He was at home with relatives during the Thanks-  
giving Holidays, including November 24, 1971. Guests at  
his home during this time was an [REDACTED] of  
Portland, Oregon, and [REDACTED]. These two  
relatives will verify his presence. [REDACTED] stated  
emphatically that he knows nothing of any hijackings and  
he had nothing to do with this particular case. He is  
a licensed commercial pilot and served in the air force  
previously. He has jumped from an airplane in a parachute  
on one occasion while he was in the Air Force. He pre-  
viously worked for Boeing on the 747, but quit after  
approximately six months work, to go to work for the  
[REDACTED] which job he now  
holds. He is described as follows: White male, 6'4", 170  
pounds, 35 years, dob [REDACTED] dark  
brown hair, brown eyes, medium complexion, medium build,  
wearing glasses with black rims. He smokes Viceroy cig-  
arettes and previously smoked Salem cigarettes. He has  
a very prominently hooked nose.

b6  
b7C

[REDACTED] states that he will attend a lineup  
before the passengers or crew members of the Northwest  
Orient Airliner which was hijacked at any time.

b6  
b7C

Since [REDACTED] does resemble the composite  
drawing of the hijacker in some facial features, it is  
suggested that the case agent may wish to set a lead to  
have some members of the crew or passengers interviewed to  
ascertain whether the subject has a hooked nose.

RE: [REDACTED]

The following investigation was conducted by SA  
ROBERT H. TOBER at Anchorage, Alaska:

On January 10, 1972 [REDACTED]  
[REDACTED] Anchorage, advised that he has been active in the  
parachutists' club in Anchorage for many years and has  
parachuted with [REDACTED] on several occasions.

He was exhibited the artist's conception of the  
suspect in this case and asked if he had ever seen him  
before. He stated the person in the picture did not look  
familiar to him and he had given this much consideration  
since viewing this picture in the newspapers. He was asked  
if the picture resembled [REDACTED]. He stated the  
mouth and nose resembled [REDACTED] however, he felt  
that the individual in the artist's conception had too  
high a forehead for [REDACTED] and was somewhat more  
slender. Furthermore, the individual in the conception  
looked quite a bit older than [REDACTED]. He prefaced  
his statements however, by stating that he had not seen  
[REDACTED] since sometime in 1968.

He described [REDACTED] as follows:

Name: [REDACTED]  
Sex: Male  
Race: White  
Age: [REDACTED] but looks nearer to  
being [REDACTED]  
Height: 5 feet 10-11 inches  
Build: Medium, but slightly on the  
heavy side with broad shoulders.  
Complexion: Medium smooth  
Hair: Dark brown, which is combed back  
on the sides and on the top.  
Voice: Talked fast with medium low  
voice.  
Characteristics: Wore glasses and smokes. Was  
an average smoker of Winston  
cigarettes.  
Wearing apparel: Generally a knitted sweater,  
however, was a very modish dresser,  
but very seldom wore a shirt and  
tie.

Rememo of SPC [REDACTED] 1/7/72.

On 1/19/72, [REDACTED]  
Washington, advised that on 11/24/71, at about 1:30pm, he was  
drinking at the Red Bull Lounge, Lacey, Washington, with some  
friends from [REDACTED], and among these persons  
was LAWRENCE "LARRY" L. KENNEDY, Rt. 12, Olympia, Washington.  
He said KENNEDY left at about that time stating he had to go  
to Portland to visit relatives for Thanksgiving. He said he  
was again in the Red Bull on Thanksgiving Day, 11/25/71, and  
again saw KENNEDY. He felt this was suspicious since KENNEDY  
had said he was going to be in Portland for Thanksgiving. He  
said he had seen the composite drawing of the "hijacker" of  
NWAL Flight #305 and felt KENNEDY looked very similar. He  
described KENNEDY as being a W/M, late 30s, 6', 180#, dark brown  
or black hair. He added he had asked KENNEDY if he ever did  
any parachuting or if he was in the service, and KENNEDY said  
he was ~~xxxx~~ afraid of heights and had not been in the service.

On 1/21/72, [REDACTED]  
[REDACTED], Washington, furnished the attached copies of Wash-  
ington Driver's License #KE-NN-EL-1689JF for LAWRENCE LYSTER  
KENNEDY, Rt. 12, Box 680, Olympia, Washington.
